

Date: 20 April 2026

To: The Ministry of Health and Medical Education – Iran

Dear Sir/Madam,

On behalf of STADA Group, we respectfully submit for your review and approval the attached Direct Healthcare Professional Communication (DHPC) concerning Cellcristin 1 mg Injection (1×1 mL).

This communication is intended to remind healthcare professionals of the critical importance of proper administration of Cellcristin, which is strictly for intravenous (IV) use only. The DHPC also provides specific instructions regarding the use of a safety reminder sticker applied to the product packaging, aimed at minimizing the risk of incorrect administration, including inadvertent non-IV use, which may lead to severe or fatal outcomes.

The proposed communication has been developed as part of our ongoing commitment to patient safety and in alignment with applicable regulatory requirements. It is designed to ensure that healthcare professionals are fully informed of this important safety measure and to reinforce safe handling practices.

We kindly request your evaluation and approval to proceed with the distribution of this DHPC to relevant healthcare professionals.

Please find the DHPC attached for your consideration. Should you require any further information or clarification, we remain at your disposal.

Thank you for your attention to this matter.

Yours faithfully,

Sincerely,

Ibrahim Boukhary

Regional Pharmacovigilance Officer – Middle East
Quality Assurance Manager
