Subject: Counterfeit Darzalex-Iran

Dear Sirs,

Please be advised that we, Johnson & Johnson, were made aware through a patient of a suspected counterfeit Darzalex.

Product details are:

- Darzalex (daratumumab) 400 mg/20 mL
- Lot number: SLF4S40
- Expiry date: 05/2028.

The patient obtained the product through a private seller. As reported, the product is not available for retrieval.

As per the initial query received, the patient has serious concerns about whether this product is genuine.

Lot number could not be verified; thus, counterfeit category was confirmed.

Pictures received are added under Appendix 1.

The source of the pack being unknown, we cannot guarantee nor be held responsible for its safety, authenticity, performance, mechanical properties, biocompatibility, or sterility.

Purchasing pharmaceutical products from the official and authorized channels in Iran will ensure patients are receiving products strictly complying with the Ministry of Public Health Authority's standards and regulations, as well as with the stringent shipping and storage conditions intended for these products by the legal manufacturer.

At Johnson & Johnson, we take measures to ensure the integrity of the pharmaceutical products we supply through our authorized distributors.

We remain at your disposal if any further information or assistance is required.
Best regards,

Elissar El Achkar
Commercial Quality head NEMA-SSA
